

Strategic Alliances

To help us identify and deliver optimal solutions for our clients, we have established strategic alliances with a number of organisations that are leaders in their fields:

IBM

Kelros has worked with IBM for over 15 years and many of our consultants have been using Domino since version 2.0. We are one of the UK's top five implementation specialists for IBM Connections, IBM Verse and IBM Cloud. We believe our accreditations endorse the quality of our proposition and service for our clients and are a measure of our investment in and commitment to this technology:

- IBM PartnerWorld Reseller: Premier Level
 - IBM PartnerWorld for Software: Premier Level
 - IBM PartnerWorld for Developer: Premier Level
 - IBM "Ready for IBM Social Business" Certification
 - IBM ISV Advantage Initiative (IAI) Partner: Premier Level
 - Member of IBM's Top Contributor Initiative (TCI)
 - IBM Built On Express Certified
 - IBM PartnerWorld for Industry (PWIN): Optimised Level
 - IBM "Ready for IBM Domino Software" Certification
 - Winner of IBM's ISV of the Year 2008

Life IT

The acquisition of Kelros by Life IT in June 2014 marks the next stage of our evolution and represents the successful amalgamation of two significant IBM business partners. The combined business expands the range of technical solutions and professional services available to our clients and creates one of the largest IBM messaging and collaboration teams in the UK.

Life IT brings an additional range of complementary products and services to the Kelros portfolio, including:

- Support for Microsoft Exchange, .net ASP, System i, SQL, Oracle and Windows Forms
- Application development in Visual Studio, .NET, ASP, SQL Server, DECS, WebSphere, XML and Web Services, Java Script and C#

Infrastructure: as an IBM Premier Business partner with Power Speciality accreditations, Life IT supplies a wide range of servers, storage, maintenance and software.
